French e-learning and coaching certification

World Archery has launched the French version of the new online certification programme for level one archery coaches. Across eight e-learning modules, candidates will test their theoretical knowledge in multiple-choice evaluations. Passing this online programme grants access to a five-day practical workshop where successful participants are accredited as level one coaches.

Member associations can buy access codes to the online course through jkleee@archery.sport.

The first practical workshop in French is scheduled to take place in the World Archery Excellence Centre in Lausanne, Switzerland on 9 to 14 March 2020. Persons interested in attending should complete the online course before 10 February 2020.

Before the practical training the candidates will also have to complete the following:

- Complete 'CoachTrue' from <http://www.iwf.net/2012/03/09/wada-coachtrue-anti-doping-education-program/> or on <https://adel.wada-ama.org/>
- Pre-course reading

Coach candidates should have a minimum of two years archery experience and have competed in at least two events from the official calendar of any World Archery member association.

They must also provide evidence of attendance to a practical workshop held under the World Archery-issued manuals from 2003 or 2015 and an endorsement from their national federation that they are an active coach.

Judging

African seminar

The two-part programme included basic Ianseo and continental judge training, and was supervised by Khaled Lamandé, World Archery's development agent in Africa, and international judges Ahmed Koura and Christophe Pezet.

Six participants from four countries attended the Ianseo seminar and gained experience that will benefit the organisation of domestic tournaments. Eight people from five countries attended the continental judge training and gained practical experience in calling arrow values and managing team events, along with theoretical knowledge about international rules, standards and processes in preparation for future events and a future continental exam planned for 2020.
