The president of World Archery Africa also announced plans for a new training facility, possibly in Cairo, Egypt.

**Team rules**

Squads representing companies, clubs or independent groups can compete remotely with a shot at qualifying for this year's team-only Indoor Archery World Series Finals. The ongoing COVID-19 pandemic has resulted in further partial or full lockdowns in many countries. This will make it difficult for teams to shoot the three events that would have contributed to the ranking – so the decision has been made to update the rules and change how the ranking will be decided. Teams will be ranked on only their single best score throughout the season.

**Other Events****Para world championships**

The 2021 World Archery Para Championships, due to take place early next year, have been postponed until 18-27 February 2022 as a result of the ongoing COVID-19 pandemic. Dubai will host the 2022 World Archery Para Championships at the Dubai Club for People of Determination. It means that championships for para archers will be held in consecutive years as the following edition, which is scheduled for Pilsen, Czech Republic in 2023 and will act as the primary qualifier for the Paris 2024 Paralympic Games, remains unchanged.

Mexico's Angel Alvarado beat Nicholas D'Amour of the US Virgin Islands to win recurve men's gold, a prize cheque for 200 USD, and the ninth and last title in the Online Archery Cup of the Americas. More than 700 archers participated in the tournament, which began back in August with qualifiers at the national level. The 50 remote matches, which were streamed live on Facebook, reached more than half a million people. At least 3000 USD in prize money was distributed equally across the categories.
