### Approval of Nominations for the 2021 WA Congress

The Electoral Board has examined the nomination documents submitted by 57 candidates for the positions up for elections.

The Member Association formalities are in place for all the candidates.

The requirements for the different positions are stated in the role description document, published on the 18 March this year. Those requirements have been split into requirements that come from constitution and recommendations (shoulds). The Board has examined whether the candidates meet the requirements and decided that a number of candidates can be approved even if some of them lack the recommended skills, experience or do not meet other recommendations.

**The Electoral Board has come to the conclusion that all 57 nominations can be approved.**
