6. Reason	Shortening the distances avoiding shoulder injuries among younger archers. The early bloomers can always move up one age class/distance. The World Archery Nordic: Iceland, Faroe Islands, Denmark, Norway Finland and Sweden have annually a target youth competition for 13-to-20-year juveniles divided in three age classes. Based on the experience of injuries and the archery fun factor there is agreed upon the distances above in effect from 2023.
