"Conflict of interest". The fact that World Archery official is associated with another organisation in the sport such as a Member Association does not in and of itself constitute a conflict of interest. The following is a non-exhaustive list of examples of circumstances in which conflicts of interest could arise: personal and/or material involvement as an employee, contractor, director, trustee, shareholder, partner or other position with suppliers to World Archery, sponsors, broadcasters, or other parties contracting with World Archery or any other organisation or person likely to benefit from the assistance of World Archery (such as a subsidy, approval or election).

**16.** If you are successful in this position, please describe the ideas, projects and activities you plan to implement for World Archery

My main aim is to actively continue my work within the WA Executive Board to further strengthen and develop archery worldwide. At the same time, I am very much aware of the extraordinary role of the WA 1. Vice-President and its meaning within the federation - especially in the follow-up of Maria Scazella who played an outstanding role for the positive development of World Archery for decades. However, being part of the World Archery Executive Board for many years and with the experience gained in this time, I see myself well prepared for the new role close to President Ugur Erdener and Secretary General Tom Dielen.

Being member of the IOC Sport and Active Society Commission for many years, I am convinced that the further support of archery as a Sport for All – for example through attractive and exciting new disciplines – is of highest importance for our sport, especially to activate new target groups and to make sure that archery will have a prosperous future in the Olympic Programme. In view of the Olympic Games Los Angeles 2028 and the initiative taken by President Erdener and Secretary General Dielen to increase the number of archery events in the Olympic Programme, this ambitious goal could mean a new Olympic perspective for many archers worldwide and further highlight our sport as an important part of the Olympic Movement.

Moreover, I see the necessity to further communicate the aims and values of archery in the public and in the media to increase the overall social and public attention as well as the acceptance of our sport. I am very happy to see the various activities already started and I will do my utmost to support the further development.

I am confident that my experiences gained over the last years in many different positions and areas of responsibility within sports on national and international level will help me – in cooperation with our President Ugur Erdener, Secretary General Tom Dielen and all members of the WA Executive Board and further Committees – to play a part in fulfilling the important functions of this committee.

Finally, all our efforts will have the global goal to support archery and to provide archers worldwide with the best possible conditions for practising their sport.
