SPECIFIC ITEMS AS REQUIRED FOR THE ROLE

In my work it is essential that documents and evidence are examined carefully and precisely, it is essential that reports are constructed that are factually correct and accurate. This links in directly with the need to have experience with detailed examination of documents as required by the C&R Committee. Whilst I am not a lawyer or within the legal profession, I work with lawyers within the prosecution environment and understand the need to follow the correct procedure and format to ensure that the outcome is not challenged. I am used to working under pressure and to tight deadlines, I can made decisions that are sound and can be justified.</p> <p>I have extensive experience within the world of archery event management. I have been on the Field and 3D committee for 10 years, I am an international judge, a national judge and work within ArcheryGB to further the sport and train the judges.</p> <p>I have been Chair of Judges at World and European Championships, I have been Technical Delegate at several World and European Championships, and I have been Event Manager at The World Games, this all demonstrates that I have vast practical experience with archery events and have the operational credibility to work within the committee that governs the rules and procedures.</p>

THE POTENTIAL CONFLICT OF INTERESTS

16. Declare related interests of candidate or a person connected to the candidate.	Name of the person (could be the candidate itself)	Nature of relation to the candidate	Organisation and that persons role/position	Explanation if needed
<p>Include interests occurring within the last two years or that may arise during the term.</p> <p>Connected persons include but are not limited to spouse, child, siblings, parents and spouses of children or siblings.</p>				

Definitions:

"Interest". An "interest" means and includes any interest, direct or indirect, whether private or personal, financial or otherwise related to World Archery official concerned. This also includes the interest of a third person (such as a parent, spouse or other immediate family, or dependent).

"Conflict of interest". The fact that World Archery official is associated with another organisation in the sport such as a Member Association does not in and of itself constitute a conflict of interest. The following is a non-exhaustive list of examples of circumstances in which conflicts of interest could arise: personal and/or material involvement as an employee, contractor, director, trustee, shareholder, partner or other position with suppliers to World Archery, sponsors, broadcasters, or other parties contracting with World Archery or any other organisation or person likely to benefit from the assistance of World Archery (such as a subsidy, approval or election).

16. If you are successful in this position, please describe the ideas, projects and activities you plan to implement for World Archery

If successful I plan to work with the committee to continue the work it is doing with other committee to bring the rule book up to date, making it easier to read, understand and interpret.

I think generally the athletes within the member associations do not understand how things get done and rules get changed, bylaws are introduced etc, so I think it would be a good project to look in to, this in a way that the average archer can understand and the workings of World Archery become more transparent to everyone involved in the sport.
