16. If you are successful in this position, please describe the ideas, projects and activities you plan to implement for World Archery

Whilst archery in general is not as popular as many other sports and not as visible to the public via TV and online mediums, I feel that Field and 3D archery is recognised even less. I hope to be able to do all I can to raise the profile of Field and 3D archery and the archers involved in order to ensure that our sport is able to grow and thrive. This would include

- encouraging and supporting member countries not currently involved in Field and 3D to consider how they may be able develop to take part**
- continuing to develop the format of competitions to be more accessible to spectators and TV or online viewers**
- maintaining and potentially growing the number of bowstyles recognised in Field and 3D in order to encourage diversity within the sport**
