"Conflict of interest". The fact that World Archery official is associated with another organisation in the sport such as a Member Association does not in and of itself constitute a conflict of interest. The following is a non-exhaustive list of examples of circumstances in which conflicts of interest could arise: personal and/or material involvement as an employee, contractor, director, trustee, shareholder, partner or other position with suppliers to World Archery, sponsors, broadcasters, or other parties contracting with World Archery or any other organisation or person likely to benefit from the assistance of World Archery (such as a subsidy, approval or election).

16. If you are successful in this position, please describe the ideas, projects and activities you plan to implement for World Archery

My main goal is to further actively work on all upcoming challenges for archery to further strengthen and develop our sport worldwide, especially to make sure that Archery will have a prosperous future in the Olympic programme. In this context it is from my point of view very important to give our archers the best possible conditions to practise their sport. Providing all athletes with the best, fair and equal conditions in all WA Championships should be the major aim of all judges and the Judges Committee.

Being elected, I would be glad to continue my work and further support the WA Judges Committee - together with the experienced colleagues of the committee - to achieve this goal. I would highly appreciate the opportunity to bring in my passion and my experience to play a part in the development of WA and archery worldwide.
