**16.** If you are successful in this position, please describe the ideas, projects and activities you plan to implement for World Archery

Following my experiences in all fields of Archery (Indoor, Outdoor, 3D and Field) and considering the responsibility of Technical Committee as described by WA, monitoring and inspecting new Technologies to determine the LEGALITY of equipment and taking to account that I order all equipment for national Team. my paln is to concentrate on less popular divisions of Archery( Field , 3D ,Traditional and sky archery ) that are being met with a rise in number and demand in Asia to be updated in this continent
