16. If you are successful in this position, please describe the ideas, projects and activities you plan to implement for World Archery

I have competed at the highest levels in both compound and recurve disciplines and have competed all over the world. As an athlete with extensive competition experience I have the ability to represent all disabled archers. During my travels I have built relationships with many athletes, coaches, and officials from many different nations. My goal is to reach out to all the stakeholders involved to find out their thoughts and ideas for improving the sport. I would like to facilitate an open dialogue to allow those involved to communicate both amongst themselves and with World Archery. I hope to give a voice to athletes from all nations and help shape the future of this growing sport.
