"Conflict of interest". The fact that World Archery official is associated with another organisation in the sport such as a Member Association does not in and of itself constitute a conflict of interest. The following is a non-exhaustive list of examples of circumstances in which conflicts of interest could arise: personal and/or material involvement as an employee, contractor, director, trustee, shareholder, partner or other position with suppliers to World Archery, sponsors, broadcasters, or other parties contracting with World Archery or any other organisation or person likely to benefit from the assistance of World Archery (such as a subsidy, approval or election).

16. If you are successful in this position, please describe the ideas, projects and activities you plan to implement for World Archery

I am able to bring an athlete perspective to the good governance of the committee, but my real passion is to increase diversity within para.

I have been a champion for VI archery, rewriting the classification rules to make it easier for tournament organizers to hold events to encourage greater numbers of VI archers and fully supported the rules for the new 'Doubles' event, which we hope will increase the number of countries able to encourage and send more women to international competitions.

I would hope to continue this work, perhaps building towards VI inclusion in the Games if we can grow numbers.

I would also like to see growth in the youth area of para, whilst understanding the specific challenges in numbers and comparison with other sports.
