

## Olympic Museum

### Bow-giving Ceremony

Last month in Beijing, ZHANG Juan Juan (CHN) was the first archer to defeat the Korean women in an Olympic competition in 24 years. She is now the first woman to give her winning bow to the Olympic Museum in Lausanne, Switzerland. The ceremony took place at the beginning of the World Cup Final Press Conference on 25 September. ZHANG gave her bow to the Olympic Museum Director Mr. Francis GABET in front of numerous journalists and fans waiting for autographs. The sixteen archers participating at the upcoming World Cup Final were also present.

Shortly before, Nathalie DIELEN, the first Swiss archer to participate at an Olympic Games since 1988, gave one of her arrows from Beijing. Mr. GABET said he was honoured to receive such gifts on behalf of the Olympic Museum.

## FITA Plaquettes

### Three Bronze Awarded

The FITA Council met during the Beijing Olympic Games. Following recommendations from its Board of Trustees, they unanimously awarded a FITA Bronze Plaquette to John WOMERSLEY (AUS), David WALLACE (RSA) and Konrad VAN WARMELO (RSA).

Since 1955, Congress has awarded Gold or Silver Plaquettes in recognition of services to the cause of the sport of Archery. Bronze Plaquettes can be awarded by Council and Member Associations, with the prior approval of the Executive Committee, to individuals in their countries who have rendered good service to international Archery.

## Medical & Sports Sciences

### FITA Medical & Sports Sciences Committee Meeting

The FITA Medical & Sports Sciences Committee (MSSC) held its annual meeting in Lausanne, Switzerland, on 29 September 2008.

Standing: Emin ERGEN, Carlos HERMES, Jean-Claude LAPOSTOLLE and Tom DIELEN (FITA Secretary General)  
Sitting: Françoise DAGOURET and Nancy LITKE

Acting Chairman Dr. Emin ERGEN (TUR), Members Dr. Carlos HERMES (GUA), Dr. Jean-Claude LAPOSTOLLE (FRA), Mrs. Nancy LITKE (CAN) and Ex-Officio Staff Member Ms. Françoise DAGOURET worked on current activities and projects in the area of medical and sports sciences which include in particular:

- The distribution policy of the newly published Volume II of the Sport Medicine and Science in Archery book (see details below);
- The creation of specific web pages dedicated to Sport Medicine and Sciences in archery, with an easy and user-friendly access from the FITA website, where MSSC documents, references, recommendations could be found;
- The adaptation of the IOC Beijing Olympics Injury Prevention Study to the needs and specificity of archery;
- The question on whether physiotherapy service at FITA events can effectively respond to the needs of participant teams who do not have their own physiotherapist, and the purpose of such service. In the coming months Dr. Carlos HERMES will report on the COPARCO experience on this matter.

The MSSC is also involved in anti-doping matters, and on that subject:

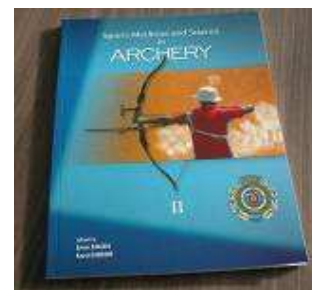

- Has acknowledged the report on the FITA anti-doping programme and activities presented by Françoise Dagouret.
- Has reviewed the FITA Therapeutic Use Exemptions (TUEs) policy. Due to the increasing workload generated by the full integration of para-archery under the authority of FITA, the MSSC plans to cooperate with a disabled sports specialist, in addition to the current panel members designated by the FITA TUE service provider IDTM, to assist Dr. ERGEN in the review of the TUEs on behalf of FITA.
- Has acknowledged the progress report made by Emin ERGEN on the research project on the possible performance-enhancing effects of benzodiazepines in the sport of archery. This project involves cooperation between FITA, the WADA accredited-laboratory in Ankara, the Hacettepe University School of Sport Sciences and Technology, and the Turkish Archery Federation. In April 2008 a research fund application has been submitted to the World Anti-Doping Agency (WADA). However, the outcome of this application is unknown yet.
- Has reviewed the criteria in order to define the number of anti-doping tests at the various FITA events.

Dr. Emin ERGEN will represent FITA at the IOC annual meeting of Olympic IFs Medical Committee Chairpersons to be held on 8 November 2008.

### Sports Medicine and Science in Archery, Volume II

In August 2008, on the eve of the Beijing Olympics, the MSSC has published the second volume of its Sports Medicine and Sciences in Archery Book, including features on:

- scientific foundations of training
- muscular activation strategies in archery
- mathematical models in archery
- sun and heat exposure
- sun protection in archery
- keeping archery a clean sport: the FITA anti-doping programme
- a psychological approach model: advanced autogenous training in archery
- the travelling archer: stay healthy on the move

A free copy will be distributed to FITA Member Associations. CD copies will be also available to FITA Member Associations for translation and distribution in other languages.

This volume will be available for sale on the FITA online shop soon at the price of 20 Euros. It has to be noted that the Volume I of the publication is still available for sale on the FITA online shop.

For more information on the content, how to get the book, and copyright rules, please contact Françoise DAGOURET at [fdagouret@archery.org](mailto:fdagouret@archery.org).

## Clean Sport

### Registered Testing Pool

The FITA Registered Testing Pool (RTP) of those athletes who are required to provide whereabouts information to FITA has been updated in order to take into account the results of the 2008 Field Archery World Championships recently held in Wales. The new athletes are:

#### Men:

Alessandro LODETTI (ITA), Giuseppe SEIMANDI (ITA)

#### Women:

Elin KÄTTSTROM (SWE), Ulrika SJOWALL (SWE)

The updated Registered Testing Pool can be downloaded from the section "Clean Sport/Registered Testing Pool" of the FITA Website. It is valid as of 1 October 2008.

### World Anti-Doping Code and FITA Anti-Doping Rules

During its meeting on 9 August 2008 in Beijing (CHN), the FITA Council has adopted new anti-doping rules (Book 1, Appendix 5 of FITA Constitution & Rules), which will come into effect as of 1 January 2009.

The World Anti-Doping Agency (WADA) has officially confirmed that FITA has successfully incorporated all the mandatory articles of the 2009 World Anti-Doping Code (the "Code") into its anti-doping rules, and that these rules are in line with the Code.

The new anti-doping rules, as well as a summary of main changes towards the current rules, can be downloaded in the "Rules/Bylaws" and "Clean Sport/Anti-Doping Rules" sections of the FITA website. This section also includes the 2009 Prohibited List International Standard, which has just been published by WADA.

The 2009 World Anti-Doping Code and its International Standards can be downloaded in the "Clean Sport/WADA Information" section.

FITA is currently working on the practical implementation of the new rules and all relevant information and instructions will be circulated to FITA stakeholders within the next three months. In particular, WADA will update the online ADAMS system in order to reflect the new standards.

## Constitution & Rules

### FITA Congress 2009 – Ulsan (KOR)

With the next FITA Congress taking place on the eve of the World Championships in Ulsan (KOR) starting on 1 September 2009, the Motions and Proposals for changing the FITA Laws shall be submitted to the FITA Secretary General no later than the very beginning of 2009, as per the timeline stated in Article 1.6.12.1, Book 1 of FITA Constitution & Rules (C&R).

Within the coming weeks, the exact Congress dates will be announced, together with the statutory Congress preparations timelines. A specific Congress 2009 webpage will be prepared and then will be updated regularly with documents, information, forms and announcements all along the period leading up to the Congress.

It is reminded that Motions and Proposals for changing the Laws may be submitted to the Secretary General only by Member Associations, Continental Associations, the President and Council (Article 1.6.12, Book 1 of FITA C&R).

## Coaching

### Level 3 Coaching Course at the FITA Middle East Archery Centre

FITA is pleased to announce that a Level 3 Coaching Course will be conducted on 18-31 October 2008 at the FITA Middle East Archery Centre (MEAC) in Cairo, Egypt located at the Wadi Degla Sporting Club. For information on the MEAC, please read the information booklet in the section Development/Training Centres/MEAC Presentation of the FITA website.

Registration to this course is free of charge. Participants have to pay for their travel, local transport, food and accommodation (in the MEAC). Prices are shown in the MEAC information booklet.

The course will be conducted in English by the Korean Coach MUN Baek Woon. Theory and Practical sessions are on the program.

Registrations are now open and will close on 5 October 2008. This course is open to any person supported by his/her National Archery Federation that is a Member of FITA and has already a level 2 coaching experience. Send your registration to the FITA Development and Education Director, Mr. Pascal COLMAIRE: [pcolmaire@archery.org](mailto:pcolmaire@archery.org).

### Level 2 Coaching Course in Puerto Rico

The dynamic Federación de Tiro con Arco de Puerto Rico has organised a Level 2 Coaching Course in the Sport Centre of its National Olympic Committee on 24-29 September 2008 in Salinas.

More than 25 inches of rain dropped in one day devastated this region. The road to access the nice archery range was closed, the range being transformed into a pound...! Promptly, an alternative range was set in a semi-open hall on time for the course to start. The new location was excellent, avoiding solar exposition, as well as further rain.

The dozen of participants worked hard under the leadership of Pascal COLMAIRE, the FITA Development and Education Director. These upgraded coaches should contribute to keep the good development of our sport shown over the last years in this Caribbean island going.

FITA thanks the Olympic Solidarity for its financial and logistic assistance to the success of this training.

### Upcoming Courses

- Level 2 Coaching Course in Kolkata (India) on October 20-26, 2008
- Level 2 Coaching Course in Cairo (Egypt) on November 2-8, 2008
- Development of the National Sport Structure in Guinea, November and December, 2008
- Coaching Course Conductors for Spanish speaking countries of COPARCO in Medellin (Colombia) on December 10-16, 2008

## Events

### World Cup Final 2008 in Lausanne

The fantastic World Cup 2008 season came to an end on Saturday 27 September crowning four new champions at the Final in Lausanne. The new winning faces are IM Dong-Hyun (KOR), Justyna MOSPINEK (POL), Dietmar TRILLUS (CAN) and Jamie VAN NATTA (USA).

The venue for this event was the Montbenon Esplanade in the Olympic capital, surrounded by beautiful gardens and with an unrestricted view of Lake Geneva and the mountains.

Aside from the World Cup competition matches, some exhibition and initiation sessions were organised. The women's Olympic Champion ZHANG Juan Juan (CHN) and the Paralympic bronze medallist Philippe HORNER (SUI) shot three arrows on two copies of the 200 Swiss francs banknote.

Later on, FITA showed an event she considers for official competition in the future: a mixed double match featuring the Olympic champion Viktor RUBAN (UKR) and the Swiss champion and Olympian Nathalie DIELEN versus the team Olympic gold medallist PARK Sung-Hyun (KOR) and Chris MARSH, who still shoots for Switzerland until he starts on his position of competition manager for London 2012.

### Recurve Men

In the men's recurve category gold was for Korea. IM Dong-Hyun *photo*—the reigning world champion from last year and also two-time team Olympic champion (Athens 2004 and Beijing 2008)—beat Ukraine's Olympic champion Viktor RUBAN in the gold final. The young and talented Frenchman Romain GIROUILLE took the bronze medal at the expense of another Korean, PARK Kyung-Mo.

### Recurve Women

The gold medal was won by Poland's Justyna MOSPINEK *photo*, who defeated the 2004 individual Olympic champion, two-time team Olympic champion (Athens 2004 and Beijing 2008), individual Olympic silver medallist (Beijing 2008) and several-time world champion, Korea's PARK Sung-Hyun, in the final. YUN Ok-Hee of Korea beat the Italian Natalia VALEEVA—2007 world champion—to take the bronze.

### Compound Men

In the men's compound category, the gold medal was won by the reigning world champion Canada's Dietmar TRILLUS photo, who beat the local archer Patrizio HOFER in the final. Patrick COGHLAN of Australia won the bronze. Italy again missed out on a medal with Italy's Sergio PAGNI taking fourth place.

### Compound Women

Jamie VAN NATTA (USA) photo was the sole archer competing in the World Cup Final for the third time in a row. After a fourth place in 2006 and a bronze medal last year, she won gold in the women's compound event. The American beat Great Britain's Nichola SIMPSON in the final. Amandine BOUILLOT of France won the bronze medal, with Croatia's Ivana BUDEN leaving Lausanne empty handed.

The World Cup Final Medallists:

Gold	Silver	Bronze
<b>Recurve Men</b>		
IM Dong-Hyun (KOR)	Viktor RUBAN (UKR)	Romain GIROUILLE (FRA)
<b>Recurve Women</b>		
Justyna MOSPINEK (POL)	PARK Sung-Hyun (KOR)	YUN Ok-Hee (KOR)
<b>Compound Men</b>

The main objective of this first championship was to gain interest from all those who do not know our sport. Competitions lasted two days and regrouped 106 archers come from all the departments.

The first day, was the one of FITA ROUND with bamboo bow on 30, 25, 20 and 15 meters. The following morning, we had made duels and the afternoon was reserved for competitions of teams with bamboo bow and with classic bow of training.

This championship knew a strong campaign of mediatisation at the level of all the organs of press and this is due to the fact that archery is quite new and attractive.

Read more on this event in the section "Development/News/3 October 2008" of the FITA website.

**2nd World Traditional Archery Festival**

This event was organised in Busan, Korea from 26 September to 2 October 2008. More information on [www.turkisharchery.info/?p=wtaf](http://www.turkisharchery.info/?p=wtaf) and <http://www.koreanarchery.org>.

**Oceania Continental Championships and Congress**

This event will take place in Tahiti from 27-29 October 2008. The OAC Congress in 2006 welcomed the bid from Tahiti and wanted to reward the archers from that country who have been totally loyal and supportive members of Oceania, and whom we see regularly at the New Zealand Nationals. Archers who attend the Championships will also receive coaching from Renaud BAUDRILLARD, a very experienced professional coach from Paris now living in New Caledonia.

The Oceania Congress will take place on 30 October following the Continental Championships. The agenda is posted on the OAC website.

More from Oceania in the section "News/News from Federations/3 October 2008" of the FITA website.

**Face 2 Face Archery Tournament 2008**

The Amsterdam Face 2 Face tournament is a biannual elite archery indoor event. It is organised by the Concordia Archery Tournaments foundation and relies on volunteers only. Participation in this event with its very attractive format is restricted to members of national teams and pro teams and other archers of a high international level. The 2008 edition of the Face 2 Face tournament will take place from 5 to 7 December 2008 at the Sporthallen Zuid in Amsterdam.

Find additional information in the section "News/Archives/2008 News List/23 September 2008" of the FITA website or at [www.face2face-archery.org](http://www.face2face-archery.org).

**First World Ranking Tournament in Myanmar**

The 1st Asian Compound (Open) Tournament will be held from 9 to 14 December 2008 in Yangon, Myanmar. This event will be recognised as a FITA World Ranking Tournament. This is the first ever tournament in Asia only for Compound. The Myanmar Archery Federation and the Organising Committee would like to promote the compound shooting in Asia.

Find additional information in the section "News/Archives/2008 News List/17 September 2008" of the FITA website.

### European Archery Disabled Invitational Event

The Stoke Mandeville European Archery Disabled Event has been held for the last four years. It is the National Championships of the British Wheelchair Archery Association which, for the past four years, has been opened up to include entries from other countries. In 2008, the tournament included teams from Canada, China, Cyprus, Finland, Norway, Poland, Spain, Sweden, Turkey, Ukraine and USA.

The format of the event is a Double 70m Round (2x72 arrows) followed by an Olympic Round. Only individual events are included. See <http://www.british-wheelchair-archery.org.uk/>.

### Para-Archery World Championships 2009

The Para-Archery World Championships in Nymburk, Czech Republic, will have the same format as the other FITA championships, namely a FITA Round followed by an Olympic Round.

There will be men's individual events in the following classes: W1 Compound, Open Compound, W2 Recurve, Standing Recurve and Visually Impaired. Women have the same events except they do not have a W1 Compound class as there are not enough archers to make up this class.

Team events will be held for Compound and Recurve, Men and Women. In the recurve team event, the W2 and Standing classes are both included in the team.

## Member and Continental Associations

### Temporary Membership for Guinea

The July 2008 issue of FITA info informed you that Guinea has applied to FITA Membership.

Since none of the FITA Member Associations and members of the FITA Council, has raised in writing to the FITA office any objection, the Guinea Archery Federation has been granted a temporary FITA membership since October 1, 2008.

During the next FITA Congress (2009) the final memberships of this National Archery Association will be submitted to a vote.

### Oceania Archery Confederation

At the beginning of September, Mike THOMS resigned from his position as Secretary General of OAC. He has not been replaced yet. In the meantime, the main contact for Oceania remains the President: Ms Carole HICKS MNZM at [carole.hicks@paradise.net.nz](mailto:carole.hicks@paradise.net.nz).

### Faroe Islands

The three-letter code used by the International Olympic Committee (IOC) for the Faroe Islands is FRO. Therefore, FITA has decided to follow the IOC nomination and has changed the Faroese Archery Association's code from FER to FRO.
