Approved by FITA Council on 17 December 2011
Effective as of 1 April 2012

Book 2, Article 7.2.1 and 7.2.1.1**7.2.1 Target Faces.**

There are 4 outdoor target faces:

- The 122cm face, 122cm in diameter;
- The 80cm face, 80cm in diameter;
- The 80cm 6-ring face (for multiple set-up with score zones 5-10);
- The 80cm 5-ring face (for multiple set-up with score zones 6-10) (This face will be removed after 1 January 2015);

Only those faces produced by a manufacturer licensed by FITA will be used at FITA competitions.

7.2.1.1 Description:

The 122cm and 80cm faces are divided into 5 concentric colour zones arranged from the centre outwards as follows: gold (yellow), red, light blue, black and white. (There are no dividing lines between light blue and black, nor between black and white). Each colour is divided by a thin line into 2 zones of equal width thus making 10 scoring zones of equal width when measured from the centre of the gold:

- *6.1cm on the 122cm target face;*
- *4cm on the 80cm target face.*

The dividing lines will be entirely within the higher scoring zone in each case. The line marking the outermost edge of the white will be made entirely within the scoring zone. The width of the thin dividing line and the outermost line will not exceed 2mm on the 122cm or the 80cm target faces. The centre of the target face is termed the “pinhole” and will be indicated by a small “x” (cross). The lines of the cross will not exceed 1mm in width or 4mm in length. An inner 10 ring, (which is marked as an X on the score cards) of 6.1cm in diameter for the 122cm target face and 4cm in diameter for the 80cm target face, is required to help determine ties in ranking.

- *80cm-6 ring face may be used at 50m, 40m and 30m. (The triangular multiple set-up is mandatory for World Archery Championships at 50m and 30m). The rings have the same*

dimensions as the 80cm faces, but with the 4 to 1 scoring zones removed. The lowest scoring zone is the light blue 5.

- *80cm-5 ring target faces may be used at the 30m distance. (~~The triangular multiple set up is mandatory for World Archery Championships~~). The rings have the same dimensions as the 80cm faces, but with the 5 to 1 scoring zones removed. The lowest scoring zone is the light blue 6.*
