

**Book 1, Article 3.19**

*A question was raised by a Member Association on whether an archer who has had an equipment failure is allowed to go to the practice field to shoot a few arrows to check his equipment right after he has fixed it and during the competition.*

**Response from the Constitution & Rules Committee:**

The C&R Committee is unanimous that no practice arrows are allowed during the competition.

**C&R Committee, 19 September 2007**

**Book 2, Article 7.4.2.4**

*A question was raised by a Member Association on whether an archer who has had an equipment failure is allowed to go to the practice field to shoot a few arrows to check his equipment right after he has fixed it and during the competition.*

**Response from the Constitution & Rules Committee:**

The C&R Committee is unanimous that no practice arrows are allowed during the competition.

**C&R Committee, 19 September 2007**

**Book 3, Article 8.4.2.4**

*A question was raised by a Member Association on whether an archer who has had an equipment failure is allowed to go to the practice field to shoot a few arrows to check his equipment right after he has fixed it and during the competition.*

**Response from the Constitution & Rules Committee:**

The C&R Committee is unanimous that no practice arrows are allowed during the competition.

**C&R Committee, 19 September 2007**

**Book 4, Article 9.5.1.7**

*A question was raised by a Member Association on whether an archer who has had an equipment failure is allowed to go to the practice field to shoot a few arrows to check his equipment right after he has fixed it and during the competition.*

**Response from the Constitution & Rules Committee:**

The C&R Committee is unanimous that no practice arrows are allowed during the competition.

**C&R Committee, 19 September 2007**
