

INTERPRETATIONS
WORLD ARCHERY CONSTITUTION AND RULES

Book 4, Article 22.4.3.1

Archery Austria has requested an interpretation on whether the arrow rest shown below is allowed in the Instinctive Bow Division.

The Constitution and Rules Committee (“C&R”) finds the question presented to be within the terms of reference of the Technical Committee after consultation with the Field Archery Committee.

C&R has determined that the following interpretation is not contrary to the existing rules or Congress decisions.

Response from the Technical Committee:

It is the majority decision of the World Archery Technical Committee that the Instinctive Bow arrow rest noted in the photo below is legal in the Instinctive Bow Division. The arrow rest in question does not contravene Article 22.4.3.1. The rest is a soft material attached to the bow shelf only. The arrow rest constitutes full compliance with Article 22.4.3.1.
